WITH PPREJUDICE

Dear Madam

RE: REQUEST TO RESIGN AS MAYOR OF GEORGE.

With reference to the above and our letter of 11 February 2020.

We requested a written response before noon today, 12 February 2020 that the DA will stop this unconstitutional process against our client.

To date we have not received a response from your office, you have left us with no alternative but to approach the courts for the necessary relief.

We have instructions to make one final inquiry on this issue. We herewith request that you indicate whether the Democratic Alliance is proceeding with the unconstitutional process as highlighted in your letters to our client ie: cessation of membership of the party without conducting a disciplinary hearing.

Your letter dated 29 January 2020 refers to "pending the investigation and possible disciplinary hearing by the party".

We herewith again request the minutes of the meeting of the federal executive during which the representations of our client were discussed.

We also again request the investigation report and all evidentiary material the federal executive relied upon in reaching its decision.

We await your urgent response hereto by no later then 08H00, 13 February 2020.

Yours faithfully.
